Global networks, developing economies and the dizzying array of technology solutions demand a fresh way of thinking about commerce. In order to stay nimble and ahead of the pack, you need an innovative mindset. Introducing the Virtual Campus of Montgomery County Community College. We’re breaking down the walls of education with our online learning model.

Through an accelerated format, our real-world business faculty will give you the personal guidance you need to build a custom plan designed to succeed in today’s challenging environment. You’ll also receive the marketing and business support you’ll need to thrive. The Virtual Campus will provide you with accelerated access to the essential knowledge and skills required to expand an existing business or create a new one.

Entrepreneurship
(Certificate)

Small business in the U.S. is on the rise. So if you’ve always dreamed of being your own boss and making your own hours, now is a great time to get started by applying to our new Entrepreneurship Certificate program.

Effectively linking theory and practice, this 12-credit certificate program will help budding entrepreneurs be successful in their own business. Enroll today and you’ll learn how to:

- Evaluate and select business opportunities
- Develop a professional business plan
- Secure funding
- Create and implement marketing, accounting and operational systems

Classes include:

- Entrepreneurial Essentials
- Entrepreneurial Marketing
- Entrepreneurial Accounting
- Entrepreneurial Business Plan

The Center for Entrepreneurial Studies

Our virtual Entrepreneurship Certificate program is backed by Montgomery County Community College’s new Center for Entrepreneurial Studies, which provides access to counseling, mentoring and workshops through SCORE and SBA. It also offers a business incubator that accelerates development through supportive resources and services.
