Business Administration A.S.

Whether you are planning to transfer to a four-year college or university to pursue a bachelor’s degree in Business Administration, or jump right into your professional career, our fully online Business Administration Associate in Science degree program is the perfect place to start.

**TRANSFERABLE:** MCCC works extensively with other colleges and universities to develop articulation agreements and guides that will assist students continuing their programs of study at a four-year school. Partnerships with several area schools are designed to ease transfer and maximize the transferability of an MCCC degree. (See partner schools on page 2.)

**AFFORDABLE:** Our tuition is about one-third that of the average Pennsylvania public college and vastly less expensive than most private schools. **ACCREDITED:** MCCC is fully accredited by the Commission of Higher Education of the Middle States Association of Colleges and Secondary Schools. **QUALITY:** Our accomplished faculty members bring a wealth of industry experience and distance learning training to the virtual classroom, where high-quality coursework meets practical application. **ACCESSIBLE:** If you need the flexibility to complete schoolwork around family and work responsibilities, our online courses are structured to move you to completion.
